**How to Mark a Ballot**

To mark your ballot properly, completely fill in the oval to the left of each of your choices.

Designating Someone to Pick-Up Your Ballot

Beginning 9 days before Election Day, you may authorize, in writing, another person to pick up your vote-by-mail ballot. The person picking up your ballot must provide photo ID, signed written authorization from you, and complete an affidavit. The affidavit can be printed from votesjc.com.

On Election Day, in addition to the above requirements, vote-by-mail ballots shall only be issued to a voter or voter’s immediate family member when there is a stated emergency.

Completing Your Vote-By-Mail Ballot Return Envelope

*Important Information for Vote-By-Mail Voters*

The signature or identifying “mark” on the voter’s certificate on the return vote-by-mail ballot envelope must match the signature or identifying “mark” on file in your voter record; therefore, it is important to keep your signature up-to-date. Signature updates must be on a Florida Voter Registration Application. The completed application can be mailed, faxed, e-mailed, or hand delivered to our office.

A Power of Attorney is not authorized for signing a voter’s certificate on a vote-by-mail ballot envelope or a Florida Voter Registration Application.

Returning Your Ballot to be Counted

In order to be counted, vote-by-mail ballots must be in the Supervisor of Elections office by 7 PM on Election Day. Voted vote-by-mail ballots cannot be dropped off at the polls on Election Day.

Sample Ballots

You can now request to receive your sample ballots by email. To make this request visit our website or contact our office. Otherwise, approximately three weeks prior to each election, sample ballots will be mailed to all registered voters who have not requested a vote-by-mail ballot or requested to receive their sample ballots by email.

Please be aware that the email address used to receive your sample ballot is public record.

The Voting Process
You will be asked for a current and valid photo and signature ID. If your photo ID does not contain your signature, you will be required to show additional ID that provides your signature. Once your identity is established you will be asked to sign the electronic signature pad.
When you have voted your ballot you may cast that ballot by placing it into the tabulation machine. If you need assistance in marking your ballot, please inform the poll worker. If you make a mistake when voting on a paper ballot ask for a replacement. You may receive up to two replacements, or a total of three ballots.

Voting by Provisional Ballot
If your eligibility to vote cannot be determined, or you do not have the proper ID you will be allowed to vote by provisional ballot. This provision was implemented to allow you the opportunity to vote while your eligibility is researched. Regardless of the reason why you vote a provisional ballot, you will be given a written notice of your rights. You may check with the Elections Office after the election to see if your ballot was counted.

Early Voting
Regardless of your assigned precinct, all St. Johns County voters may cast a ballot at any of the early voting locations.
